Declaration
- 300100056 -

Manufacturer: 3S Solar Plus AG

Product: PV Modules (BIPV)

Type: MegaSlate II and Megaslate III

Qualification of Laminated Safety Glass on PV modules for Building integration in accordance to:

EN-ISO 12543-4:2011 - Test methods for durability
EN 12600:2002 - Glass in building - Pendulum test - Impact test method and classification for flat glass
EN 14449 - Glass in building - Laminated glass and laminated safety glass - Evaluation of conformity

Herewith we declare that all the required tests of the abovementioned laminated safety glass standards were passed according to its regulations of pass criteria. BIPV modules of 3S Solar Plus AG (module types "MegaSlate II and MegaSlate III") achieved the highest classification according to EN 12600:2002 standard. Every result from this qualification project will be documented in a detailed test report.
